Hiring Manager
San Francisco Museum of Modern Art (SFMOMA)
151 Third Street, San Francisco, CA 94103 (SoMa / Yerba Buena)

Dear Hiring Manager,

I am excited to apply for the Conservation Technician / Preparator track - Art handling, condition reporting (via official Lever board) at San Francisco Museum of Modern Art (SFMOMA) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Materials knowledge, careful handling, condition documentation, QC habits, safety.

Your posting emphasizes Art handling, materials aptitude, condition reporting; conservation master's for conservator rung.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 151 Third Street, San Francisco, CA 94103 (SoMa / Yerba Buena) is accessible via ZONE C - N Judah eastbound to Powell or Montgomery -> walk south to 151 Third St. ~30-40 min.. I have verified your official careers portal at <https://www.sfmoma.org/join-the-team/> and will apply directly via <https://jobs.lever.co/sfmoma> - Search Conservation / Preparator / Registration on jobs.lever.co/sfmoma; set an alert.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Materials knowledge, careful handling, condition documentation, QC habits, safety can support San Francisco Museum of Modern Art (SFMOMA). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 60% - Fit: Chemistry/materials sense + meticulous documentation adjacent to conservation support; credential gap above tech rung.
