Hiring Manager
Wildtype Foods - Cultivated Seafood (Dogpatch pilot plant)
953 Indiana Street, San Francisco, CA 94107 (Dogpatch)

Dear Hiring Manager,

I am excited to apply for the Research Associate - Food chemistry / QC, physical & chemical testing (monitor - no openings now) at Wildtype Foods - Cultivated Seafood (Dogpatch pilot plant) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Food chemistry, physical/chemical testing, QC, formulation screening, data analysis.

Your posting emphasizes B.S. food/chem/bio; physical/chemical tests, formulation screening, QC; startup pace.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 953 Indiana Street, San Francisco, CA 94107 (Dogpatch) is accessible via ZONE B - N Judah eastbound to Embarcadero -> T-Third southbound to 22nd St station -> walk east to Indiana St. ~45-60 min.. I have verified your official careers portal at <https://www.wildtypefoods.com/> and will apply directly via <https://job-boards.greenhouse.io/Wildtype> - No openings now on the official Greenhouse board - monitor + speculative outreach via site contact page.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Food chemistry, physical/chemical testing, QC, formulation screening, data analysis can support Wildtype Foods - Cultivated Seafood (Dogpatch pilot plant). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 68% - Fit: Past Research Associate reqs (\$70-92K) centered on food chemistry, testing, and QC - close when hiring resumes.
