

job-63 - Resume - UCSF - Quantitative Biosciences Institut

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on experience in B.S. biology/biochem/molecular/cell biology/neuroscience/chem-bio or related + ?1 yr recent lab experience; mammalian cell culture (iPSC preferred); cloning, plasmid prep, PCR, Western blot, sterile technique. Seeking Staff Research Associate II - Protein interaction & proteomics (cloning, iPSC culture, affinity workflows; LIVE) at UCSF - Quantitative Biosciences Institute (QBI), Krogan Lab. Affinity-tagged protein expression, affinity purification + proximity labeling for MS-based protein-interaction studies, molecular cloning, plasmid prep, PCR, Western blot - strong chemistry/biochem overlap. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- B.S. biology/biochem/molecular/cell biology/neuroscience/chem-bio or related + ?1 yr recent lab experience; mammalian cell culture (iPSC preferred); cloning, plasmid prep, PCR, Western blot, sterile technique
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management
