

job-71 - Resume - EVERY (The EVERY Company) - precision fe

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on experience in B.S. biology/biochemistry/chemistry/related + some hands-on lab experience (academic/internship/industry); emphasis on analytical-instrumentation familiarity; wet-lab basics (pipetting). Seeking Research Associate I (Protein Science & Analytics) - HPLC, FPLC, plate readers (LIVE; \$75-85K) at EVERY (The EVERY Company) - precision fermentation, animal-free protein ingredients. HPLC-UV/RI, FPLC-UV, DLS, fluorescence/UV plate readers, BCA, SDS-PAGE, diafiltration/ultrafiltration/microfiltration, sample/reagent/buffer prep: core analytical biochemistry at an entry level. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- B.S. biology/biochemistry/chemistry/related + some hands-on lab experience (academic/internship/industry); emphasis on analytical-instrumentation familiarity; wet-lab basics (pipetting)
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management
