

job-74 - Resume - Anthrogen - AI + robotic molecular biolo

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on experience in Hands-on molecular biology experience (B.S. life science or equivalent bench experience); cloning, transformations, PCR, protein expression & purification, assay development; meticulous, reproducible technique. Seeking Research Associate (RL Environments) - run molecular biology protocols on robotic platforms (LIVE; \$120-200K) at Anthrogen - AI + robotic molecular biology lab (seed-stage). Bench skills are the core requirement; you also teleoperate liquid handlers (Opentrons/Hamilton/Tecan a bonus). Posting's 'serious gamer' hand-eye-coordination ask flagged - fine to address in your cover letter. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- Hands-on molecular biology experience (B.S. life science or equivalent bench experience); cloning, transformations, PCR, protein expression & purification, assay development; meticulous, reproducible technique
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management

PUBLICATION

- 14-Aminocamptothecins: Synthesis, Preclinical Activity, Potential Use for Cancer Treatment - ACS J. Med. Chem., Feb 2011
