

job-75 - Resume - Parallel Bio - human-first drug discover

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on experience in B.S./M.S. biology/immunology/cell biology/biotechnology or related + ?1 yr human primary cell/tissue processing; aseptic technique; mammalian cell/tissue culture; LIMS/ELN; basic QC assays (viability, flow) preferred. Seeking Research Associate, Biobanking - human tissue sample processing, LIMS, QC (LIVE; \$70-85K) at Parallel Bio - human-first drug discovery + patient biobank. Receive/log/process irreplaceable human samples with real-time chain-of-custody in LIMS/ELN, primary immune-cell isolation, cryopreservation, QC (cell counts, viability), cold-chain logistics, SOP authoring - strong sample-handling + QC + documentation match. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- B.S./M.S. biology/immunology/cell biology/biotechnology or related + ?1 yr human primary cell/tissue processing; aseptic technique; mammalian cell/tissue culture; LIMS/ELN; basic QC assays (viability, flow) preferred
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management
