Hiring Manager,

I am writing to ask to be considered for Science Laboratory / Classroom Support (classified staff, e.g., science prep technician) openings at San Francisco Unified School District. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in QC & compliance and lab operations from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is steady bench throughput and careful documentation. That is close to work I have actually done: QC checks and GLP documentation, including flagging anything out of specification, reagent and supply inventory, purchase coordination and receipt checks. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
