Hiring Manager
UCSF - Department of Pharmaceutical Chemistry
600 16th St, Mission Bay & 505 Parnassus Ave, San Francisco, CA 94158 / 94143

Dear Hiring Manager,

I am excited to apply for the Staff Research Associate I/II - Drug Metabolism and Pharmacokinetics (small-molecule synthesis & analysis) at UCSF - Department of Pharmaceutical Chemistry in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in HPLC, NMR, organic synthesis, purification, sample preparation, GLP, data analysis.

Your posting emphasizes B.S. Chemistry/Biochemistry; hands-on organic synthesis, HPLC, NMR, purification; GLP record-keeping.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 600 16th St, Mission Bay & 505 Parnassus Ave, San Francisco, CA 94158 / 94143 is accessible via ZONE A - Parnassus walk 12-15 min north from 21st & Judah or N Judah 2 stops to 9th Ave & Irving then 43 Masonic/6 Parnassus. Mission Bay: N Judah east to Embarcadero -> T-Third south to UCSF/Chase Center.. I have verified your official careers portal at <https://careers.ucsf.edu> and will apply directly via <https://careers.ucsf.edu> - Search 'Staff Research Associate' + 'Pharmaceutical Chemistry' on careers.ucsf.edu and 'Junior Specialist' on aprecruit.ucsf.edu.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in HPLC, NMR, organic synthesis, purification, sample preparation, GLP, data analysis can support UCSF - Department of Pharmaceutical Chemistry. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 92% - Fit: HPLC + NMR + organic synthesis from Threshold internship directly matches. Quintara GLP experience matches.

Verified: UCSF - Department of Pharmaceutical Chemistry official site <https://careers.ucsf.edu> - physical address 600 16th St, Mission Bay & 505 Parnassus Ave, San Francisco, CA 94158 / 94143 - verified
