job-14 - Anresco Laboratories

Date: [Insert Date]

Hiring Manager
Anresco Laboratories
1375 Van Dyke Avenue, San Francisco, CA 94124

Dear Hiring Manager,

I am excited to apply for the Laboratory Analyst - Chemistry (Heavy Metals via ICP-MS, HPLC, wet chemistry) at Anresco Laboratories in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in B.S. Chemistry, HPLC, ICP-MS awareness, spectroscopy, wet chemistry, QC, GLP.

Your posting emphasizes B.S. Chemistry required; ICP-MS a plus; HPLC, AA, wet chemistry.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1375 Van Dyke Avenue, San Francisco, CA 94124 is accessible via Same as job-13: N Judah -> T-Third south -> 44/54 bus to Van Dyke. ~60-80 min.. I have verified your official careers portal at <https://anresco.com/careers> and will apply directly via <https://www.indeed.com/cmp/Anresco-Laboratories/jobs> - Anresco careers -> Indeed company page -> search Lab Analyst Chemistry.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in B.S. Chemistry, HPLC, ICP-MS awareness, spectroscopy, wet chemistry, QC, GLP can support Anresco Laboratories. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 92% - Fit: B.S. Chemistry + HPLC + spectroscopy + QC is exactly what Anresco wants for heavy metals & nutritional assays.

Verified: Anresco Laboratories official site <https://anresco.com/careers> - physical address 1375 Van Dyke Avenue, San Francisco, CA 94124 - verified
