job-61 - UCSF - Drug Research Unit (DRU), Pharmaceutical Sciences

Date: [Insert Date]

Hiring Manager
UCSF - Drug Research Unit (DRU), Pharmaceutical Sciences
UCSF Parnassus Heights / Inner Sunset (Parnassus campus, 500-580 Parnassus Ave area), San Francisco, CA 94143

Dear Hiring Manager,

I am excited to apply for the Staff Research Associate II - Analytical assay development & LC-MS sample analysis (LIVE posting) at UCSF - Drug Research Unit (DRU), Pharmaceutical Sciences in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in LC-MS, HPLC, analytical assay development & validation, sample preparation, QC, GLP, data analysis.

Your posting emphasizes B.S. chemistry/biology/biochem or related + lab experience; LC-MS/HPLC; assay development & validation; quantitative methods interest.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at UCSF Parnassus Heights / Inner Sunset (Parnassus campus, 500-580 Parnassus Ave area), San Francisco, CA 94143 is accessible via ZONE A - WALKABLE. From 21st & Judah: walk east on Judah to 30th Ave then north to the Parnassus campus (~20-25 min), or Muni 45/26. Closest lab option on this site.. I have verified your official careers portal at <https://pharm.ucsf.edu/drug-research-unit/training> and will apply directly via <https://careers.ucsf.edu> - Live posting 'Staff Research Associate - Drug Research Unit / LC-MS Background' on pharm.ucsf.edu (open positions section) - follow its apply link (UCSF careers/BrassRing).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in LC-MS, HPLC, analytical assay development & validation, sample preparation, QC, GLP, data analysis can support UCSF - Drug Research Unit (DRU), Pharmaceutical Sciences. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 90% - Fit: Top match of the pass: LC-MS, analytical assay development and validation, drug/biomarker sample analysis - exactly your HPLC/spectroscopy/GLP profile; HIV/pharmacology research context.
