Hiring Manager

GLIDE - community health nonprofit (Tenderloin, serving SF since 1963)
330 Ellis Street (Main Building, Tenderloin), San Francisco, CA 94102 (per official contact page; HEAT team work site confirmed at hiring)

Dear Hiring Manager,

I am excited to apply for the Lab Technician - HEAT testing: phlebotomy, CLIA testing, specimen processing (LIVE; \$31-33/hr) at GLIDE - community health nonprofit (Tenderloin, serving SF since 1963) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Phlebotomy, CLIA testing, QC & quality assurance, specimen processing & transport, logs & documentation, HIPAA, community service.

Your posting emphasizes B.S. public health/clinical lab science or related preferred; CPhT/MLT a plus; BLS required; CA HIV counselor cert (or obtain within 6 months).. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 330 Ellis Street (Main Building, Tenderloin), San Francisco, CA 94102 (per official contact page; HEAT team work site confirmed at hiring) is accessible via ZONE C - From 21st & Judah: N Judah eastbound to Powell & Market -> walk west on Market to Ellis St (~10 min) to 330 Ellis. ~40-50 min.. I have verified your official careers portal at <https://jobs.lever.co/glide> and will apply directly via <https://jobs.lever.co/glide> - Official Lever board jobs.lever.co/glide - apply to 'Lab Technician' (Neighborhood Engagement & Street Crisis Response, Full-Time San Francisco).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Phlebotomy, CLIA testing, QC & quality assurance, specimen processing & transport, logs & documentation, HIPAA, community service can support GLIDE - community health nonprofit (Tenderloin, serving SF since 1963). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 60% - Fit: High-volume phlebotomy, CLIA-waived + moderate-complexity testing (rapid HIV/HCV/syphilis), QC on tests, specimen processing & transport, temperature/equipment logs, HIPAA - your sample-handling + QC discipline fits; BLS required, CA HIV counselor cert within 6 months.

Verified: GLIDE - community health nonprofit (Tenderloin, serving SF since 1963) official site <https://jobs.lever.co/glide> - physical address 330 Ellis Street (Main Building, Tenderloin), San Francisco, CA 94102 (per official contact page; HEAT team work site confirmed at hiring) - verified

Official Apply: <https://jobs.lever.co/glide> - Official Lever board jobs.lever.co/glide - apply to 'Lab Technician' (Neighborhood Engagement & Street Crisis Response, Full-Time San Francisco)

Transit: ZONE C - From 21st & Judah: N Judah eastbound to Powell & Market -> walk west on Market to Ellis St (~10 min) to 330

Ellis. ~40-50 min.
