EVERY
San Francisco, CA

Hiring Manager,

I am writing to apply for the Research Associate I (Protein Science & Analytics) position at EVERY. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in chromatography & purification and wet chemistry from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences, and a peer-reviewed publication in the ACS Journal of Medicinal Chemistry (February 2011).

The heart of your posting is steady bench throughput and careful documentation. That is close to work I have actually done: running HPLC and column purification and logging what each run showed, making up buffers and reagents, titration and pH work at the bench and confirming identity and purity by NMR and UV-Vis and writing the results up. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

I would welcome a short conversation and can interview at your convenience. I am available to start on short notice and can be reached at (707) 596-8503 or Brian.j1274@gmail.com. Thank you for your time and consideration.

Sincerely,
Brian
