San Francisco AIDS Foundation  
470 Castro Street, San Francisco, CA 94114

Hiring Manager,

I am writing to apply for the Lab Technician (Phlebotomist) position at San Francisco AIDS Foundation. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in sample handling and research support from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences, and a peer-reviewed publication in the ACS Journal of Medicinal Chemistry (February 2011).

The heart of your posting is same as FT posting: CPhT I/II or MLT (or equivalent), BLS, HIV counselor cert (or.... That is close to work I have actually done: extracting, aliquoting, labeling and tracking samples so the chain of records stays intact, designing experiments with the team, interpreting the data and writing it up. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

I would welcome a short conversation and can interview at your convenience. I am available to start on short notice and can be reached at (707) 596-8503 or Brian.j1274@gmail.com. Thank you for your time and consideration.

Sincerely,  
Brian
