Deciduous Therapeutics

Hiring Manager,

I am writing to ask to be considered for Senior Research Associate openings at Deciduous Therapeutics. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in records & data and research support from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is steady bench throughput and careful documentation. That is close to work I have actually done: electronic records and clean data entry, with summaries the team could actually use, designing experiments with the team, interpreting the data and writing it up and extracting, aliquoting, labeling and tracking samples so the chain of records stays intact. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
