Hiring Manager
California Academy of Sciences - Institute for Biodiversity Science (IBSS)
55 Music Concourse Drive, Golden Gate Park, San Francisco, CA 94118

Dear Hiring Manager,

I am excited to apply for the Research Lab / Collections Support (Center for Comparative Genomics, specimen prep) at California Academy of Sciences - Institute for Biodiversity Science (IBSS) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Sample preparation, extractions, QC, meticulous records, data analysis, lab safety.

Your posting emphasizes Lab experience; sample/specimen prep, DNA extraction awareness, meticulous records.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 55 Music Concourse Drive, Golden Gate Park, San Francisco, CA 94118 is accessible via ZONE A - VERY CLOSE. N Judah eastbound to 9th Ave & Irving -> walk north into the park to Music Concourse (~15 min) or 44 bus north. ~20-30 min total.. I have verified your official careers portal at <https://www.calacademy.org/careers> and will apply directly via <https://job-boards.greenhouse.io/californiaacademyofsciences> - Search lab, collections, or research support on the Academy Greenhouse board; set a job alert.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Sample preparation, extractions, QC, meticulous records, data analysis, lab safety can support California Academy of Sciences - Institute for Biodiversity Science (IBSS). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 68% - Fit: Sample prep, extraction, QC discipline transfer to genomics/collections lab support; more biology than chemistry.

Verified: California Academy of Sciences - Institute for Biodiversity Science (IBSS) official site <https://www.calacademy.org/careers> - physical address 55 Music Concourse Drive, Golden Gate Park, San Francisco, CA 94118 - verified
