Dear Hiring Manager,

I am excited to apply for the Laboratory Assistant - Clinical Lab Support (entry, non-licensed) at UCSF Health Stanyan Hospital (formerly St. Mary's Medical Center) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Sample preparation, specimen handling, data entry, GLP awareness, lab safety, equipment upkeep.

Your posting emphasizes Entry lab support; specimen handling, data entry, equipment upkeep; CLS roles need CA license.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 450 Stanyan Street, San Francisco, CA 94117 (Cole Valley / Haight) is accessible via ZONE A/B - N Judah eastbound to 9th Ave & Irving -> 7 Haight bus eastbound to Stanyan St -> short walk north to 450 Stanyan. ~25-35 min.. I have verified your official careers portal at <https://sfcommunityhospitals.ucsfhealth.org/st-marys> and will apply directly via <https://jobs.ucsfmedicalcenter.org> - Search 'Stanyan' or 'Laboratory Assistant' + San Francisco on jobs.ucsfmedicalcenter.org.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Sample preparation, specimen handling, data entry, GLP awareness, lab safety, equipment upkeep can support UCSF Health Stanyan Hospital (formerly St. Mary's Medical Center). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian
