job-38 - Exploratorium - Museum of Science, Art & Human Perception

Date: [Insert Date]

Hiring Manager
Exploratorium - Museum of Science, Art & Human Perception
Pier 15/17, Embarcadero, San Francisco, CA 94111

Dear Hiring Manager,

I am excited to apply for the Exhibit / Science Technician (hands-on science support & maintenance) at Exploratorium - Museum of Science, Art & Human Perception in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Equipment maintenance, troubleshooting, lab safety, hands-on prototyping, documentation, public science support.

Your posting emphasizes Hands-on technical aptitude; prototyping/maintenance; safety; public-floor support.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at Pier 15/17, Embarcadero, San Francisco, CA 94111 is accessible via ZONE B - EASY DIRECT RIDE. N Judah eastbound DIRECT to Embarcadero station (no transfer, ~24 min) -> walk to Pier 15/17. ~30-40 min total. Simplest commute on this list.. I have verified your official careers portal at <https://www.exploratorium.edu/about/jobs> and will apply directly via <https://www.exploratorium.edu/about/jobs/current-openings> - Search technician / maintenance / exhibits on exploratorium.edu current openings.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Equipment maintenance, troubleshooting, lab safety, hands-on prototyping, documentation, public science support can support Exploratorium - Museum of Science, Art & Human Perception. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 52% - Fit: Science-adjacent bridge, NOT bench chemistry - lab discipline, equipment maintenance, troubleshooting transfer; wet chemistry underused.

Verified: Exploratorium - Museum of Science, Art & Human Perception official site <https://www.exploratorium.edu/about/jobs> - physical address Pier 15/17, Embarcadero, San Francisco, CA 94111 - verified
