Hiring Manager  
UCSF - Helen Diller Family Comprehensive Cancer Center  
1450 3rd Street, Helen Diller Family Cancer Research Building, Mission Bay, San Francisco, CA 94158

Dear Hiring Manager,

I am excited to apply for the Staff Research Associate I/II - Cancer biology & shared-resource labs (sample prep, assays) at UCSF - Helen Diller Family Comprehensive Cancer Center in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Sample preparation, QC, assays, instrumentation, data recording, GLP, lab safety.

Your posting emphasizes B.S. chemistry/biology; cell culture, molecular assays, sample prep; cancer-biology interest.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1450 3rd Street, Helen Diller Family Cancer Research Building, Mission Bay, San Francisco, CA 94158 is accessible via ZONE B - N Judah eastbound to Embarcadero -> T-Third southbound to UCSF/Chase Center (16th St) -> walk to 1450 3rd St. ~40-50 min.. I have verified your official careers portal at <https://cancer.ucsf.edu/> and will apply directly via <https://careers.ucsf.edu> - Search 'Staff Research Associate' + Helen Diller / Cancer Center on careers.ucsf.edu.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Sample preparation, QC, assays, instrumentation, data recording, GLP, lab safety can support UCSF - Helen Diller Family Comprehensive Cancer Center. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,  
Brian

---

Match Score: 78% - Fit: Sample prep, QC, and instrumentation background fits SRA I/II posts in cancer-center labs and shared resources; more biology-facing than pure chemistry.

Verified: UCSF - Helen Diller Family Comprehensive Cancer Center official site <https://cancer.ucsf.edu/> - physical address 1450 3rd Street, Helen Diller Family Cancer Research Building, Mission Bay, San Francisco, CA 94158 - verified
