Hiring Manager
SF City Clinic (SFDPH) - Municipal STI Clinic
356 7th Street, San Francisco, CA 94103 (SoMa)

Dear Hiring Manager,

I am excited to apply for the Laboratory / Phlebotomy Support - Specimen collection & processing (CPT track, via City portal) at SF City Clinic (SFDPH) - Municipal STI Clinic in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Specimen collection, sample handling, QC, data entry, lab safety, patient-service attitude.

Your posting emphasizes Specimen collection/processing; CPT-I phlebotomy certification commonly required.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 356 7th Street, San Francisco, CA 94103 (SoMa) is accessible via ZONE C - N Judah eastbound to Civic Center -> walk south to 356 7th St (~10 min). ~30-40 min.. I have verified your official careers portal at <https://sf.gov/cityclinic> and will apply directly via <https://careers.sf.gov> - Search 'City Clinic' / '2402' / '2416' on careers.sf.gov (clinic lab classes).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Specimen collection, sample handling, QC, data entry, lab safety, patient-service attitude can support SF City Clinic (SFDPH) - Municipal STI Clinic. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 55% - Fit: STI-clinic lab pace fits sample-handling background once the CPT path is planned.
