job-56 - Asian Art Museum (City & County of San Francisco)

Date: [Insert Date]

Hiring Manager
Asian Art Museum (City & County of San Francisco)
200 Larkin Street, San Francisco, CA 94102 (Civic Center)

Dear Hiring Manager,

I am excited to apply for the Conservation / Collections track - XRF materials science, handling, records (via City portal) at Asian Art Museum (City & County of San Francisco) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Spectroscopy (XRF), materials science, careful handling, documentation, QC habits.

Your posting emphasizes Conservation (3518): master's in art conservation + materials/XRF experience; collections: handling, records.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 200 Larkin Street, San Francisco, CA 94102 (Civic Center) is accessible via ZONE C - N Judah eastbound to Civic Center -> walk to 200 Larkin St. ~30-40 min.. I have verified your official careers portal at <https://www.asianart.org/> and will apply directly via <https://careers.sf.gov> - Search 'Asian Art Museum' / 'Conservation' / 'Collections' on careers.sf.gov (AAM hires through the City).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Spectroscopy (XRF), materials science, careful handling, documentation, QC habits can support Asian Art Museum (City & County of San Francisco). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 55% - Fit: XRF spectroscopy/materials-science angle is chemistry-adjacent; credential gap for the conservator rung.
Verified: Asian Art Museum (City & County of San Francisco) official site <https://www.asianart.org/> - physical address 200 Larkin Street, San Francisco, CA 94102 (Civic Center) - verified
