job-34 - SFPD Forensic Services Division - Crime Lab (Chemical Analysis)

Date: [Insert Date]

Hiring Manager
SFPD Forensic Services Division - Crime Lab (Chemical Analysis)
1995 Evans Avenue (Forensic Services Division Crime Lab), Bayview, San Francisco, CA 94124

Dear Hiring Manager,

I am excited to apply for the Criminalist I (Class 8259) - entry-level forensic chemistry (Chemical Analysis section) at SFPD Forensic Services Division - Crime Lab (Chemical Analysis) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Analytical chemistry, HPLC, spectroscopy, organic chemistry, evidence handling, QC, chain of custody.

Your posting emphasizes B.S. chemistry/biochemistry/molecular biology; Chemical Analysis posts need 8 sem units chemistry w/lab + 8 units organic w/lab; driver's license. No experience required.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1995 Evans Avenue (Forensic Services Division Crime Lab), Bayview, San Francisco, CA 94124 is accessible via ZONE D - LONGEST. N Judah eastbound -> T-Third southbound to Evans Ave area -> short bus/walk to 1995 Evans. ~60-80 min. New \$105M facility with controlled-substances & breath/blood-alcohol labs.. I have verified your official careers portal at <https://careers.sf.gov/classifications/?classCode=8259> and will apply directly via <https://careers.sf.gov> - Search '8259' or 'Criminalist I' on careers.sf.gov; watch for short exam windows.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Analytical chemistry, HPLC, spectroscopy, organic chemistry, evidence handling, QC, chain of custody can support SFPD Forensic Services Division - Crime Lab (Chemical Analysis). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 84% - Fit: Entry-level Criminalist; B.S. Chemistry + HPLC/spectroscopy/synthesis fits the Chemical Analysis section directly.

Verified: SFPD Forensic Services Division - Crime Lab (Chemical Analysis) official site <https://careers.sf.gov/classifications/?classCode=8259> - physical address 1995 Evans Avenue (Forensic Services Division Crime Lab), Bayview, San Francisco, CA 94124 - verified
