job-39 - SF Office of the Chief Medical Examiner - Forensic Laboratory Division

Date: [Insert Date]

Hiring Manager
SF Office of the Chief Medical Examiner - Forensic Laboratory Division
1 Newhall Street (Forensic Laboratory facility), Bayview, San Francisco, CA 94124

Dear Hiring Manager,

I am excited to apply for the Forensic Laboratory Analyst (Class 2403) - drug/poison screens, extractions, chromatography at SF Office of the Chief Medical Examiner - Forensic Laboratory Division in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Chemical extractions, chromatography, spectroscopy, drug screens, immunoassays, QC, evidence handling.

Your posting emphasizes B.S. natural/physical/applied science + 1 lab course; EXPERIENCE: NONE; CA driver's license. Drug/poison screens, extractions, immunoassays, chromatography, spectrophotometry.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1 Newhall Street (Forensic Laboratory facility), Bayview, San Francisco, CA 94124 is accessible via ZONE D - LONGEST. N Judah eastbound -> T-Third southbound toward Bayview -> bus/walk to 1 Newhall St (near Evans Ave). ~60-80 min. Same Bayview cluster as Anresco + SFPD lab.. I have verified your official careers portal at <https://careers.sf.gov/classifications/?classCode=2403&setId=COMMN> and will apply directly via <https://careers.sf.gov> - Search '2403' or 'Forensic Laboratory Analyst' on careers.sf.gov; set an alert.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Chemical extractions, chromatography, spectroscopy, drug screens, immunoassays, QC, evidence handling can support SF Office of the Chief Medical Examiner - Forensic Laboratory Division. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 90% - Fit: B.S. Chemistry + extractions + chromatography + spectroscopy + QC is a near-exact match for forensic toxicology benchwork; no experience required.

Verified: SF Office of the Chief Medical Examiner - Forensic Laboratory Division official site <https://careers.sf.gov/classifications/?classCode=2403&setId=COMMN> - physical address 1 Newhall Street (Forensic Laboratory facility), Bayview, San Francisco, CA 94124 - verified
