Sutter Health
San Francisco, CA

Hiring Manager,

I am writing to apply for the Pathology Laboratory Assistant II (specimen handling, chemicals, lab support) position at Sutter Health. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in sample handling and QC & compliance from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences, and a peer-reviewed publication in the ACS Journal of Medicinal Chemistry (February 2011).

The heart of your posting is lab support experience; handling chemicals/pathogens, specimens, records, MS Office. That is close to work I have actually done: extracting, aliquoting, labeling and tracking samples so the chain of records stays intact, QC checks and GLP documentation, including flagging anything out of specification and electronic records and clean data entry, with summaries the team could actually use. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

I would welcome a short conversation and can interview at your convenience. I am available to start on short notice and can be reached at (707) 596-8503 or Brian.j1274@gmail.com. Thank you for your time and consideration.

Sincerely,
Brian
