American Red Cross
1663 Market Street, CA

Hiring Manager,

I am writing to ask to be considered for Blood Collection / Biomedical Support (entry, trained on the job) openings at American Red Cross. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in sample handling and chromatography & purification from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is entry collection roles train on the job (phlebotomy); lab testing at regional labs. That is close to work I have actually done: extracting, aliquoting, labeling and tracking samples so the chain of records stays intact. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
