North East Medical Services
1520 Stockton Street, CA

Hiring Manager,

I am writing to ask to be considered for Lab Assistant I openings at North East Medical Services. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in sample handling and wet chemistry from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is lab assisting; phlebotomy/CPT often required; Cantonese/Mandarin strongly preferred. That is close to work I have actually done: extracting, aliquoting, labeling and tracking samples so the chain of records stays intact, making up buffers and reagents, titration and pH work at the bench. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
