Hiring Manager
UCSF - Goodarzi Lab, Biochemistry & Biophysics
UCSF Parnassus Heights (Biochemistry & Biophysics, 400 Parnassus Ave area), San Francisco, CA 94143

Dear Hiring Manager,

I am excited to apply for the Junior Specialist - RNA-based therapeutics & cancer biology (JPF06054, LIVE, posted Apr 2026) at UCSF - Goodarzi Lab, Biochemistry & Biophysics in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in PCR, cloning, Western blotting, qPCR/assays, NGS library prep, cell culture, data analysis, meticulous documentation.

Your posting emphasizes B.S. molecular/cell/cancer biochem/bioengineering or related (or 4+ yrs research experience); willingness to work with mice; strong organization.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at UCSF Parnassus Heights (Biochemistry & Biophysics, 400 Parnassus Ave area), San Francisco, CA 94143 is accessible via ZONE A - WALKABLE. From 21st & Judah: walk east on Judah to 30th Ave then north to Parnassus (~20-25 min), or Muni 45/26.. I have verified your official careers portal at <https://aprecruit.ucsf.edu/JPF06054> and will apply directly via <https://aprecruit.ucsf.edu/JPF06054> - Apply at aprecruit.ucsf.edu/JPF06054 (cover letter + CV + 2 references); companion posting JPF05571 (Junior/Assistant Specialist) open until Oct 25, 2026.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in PCR, cloning, Western blotting, qPCR/assays, NGS library prep, cell culture, data analysis, meticulous documentation can support UCSF - Goodarzi Lab, Biochemistry & Biophysics. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 70% - Fit: PCR, in vitro transcription, cloning, Western blot, luciferase reporter + qPCR assays, NGS library prep, flow cytometry, mammalian culture + mouse tumor studies - bench work adjacent to your chemistry bench skills.

Verified: UCSF - Goodarzi Lab, Biochemistry & Biophysics official site <https://aprecruit.ucsf.edu/JPF06054> - physical address UCSF Parnassus Heights (Biochemistry & Biophysics, 400 Parnassus Ave area), San Francisco, CA 94143 - verified

Official Apply: <https://aprecruit.ucsf.edu/JPF06054> - Apply at aprecruit.ucsf.edu/JPF06054 (cover letter + CV + 2 references); companion posting JPF05571 (Junior/Assistant Specialist) open until Oct 25, 2026

Transit: ZONE A - WALKABLE. From 21st & Judah: walk east on Judah to 30th Ave then north to Parnassus (~20-25 min), or Muni 45/26.
