job-66 - UCSF - Bose Lab, Anatomy

Date: [Insert Date]

Hiring Manager
UCSF - Bose Lab, Anatomy
UCSF Parnassus Heights (Anatomy, 580 Parnassus Ave area), San Francisco, CA 94143

Dear Hiring Manager,

I am excited to apply for the Research Specialist - Lab operations + cancer immunology research (JPF05693, open until filled) at UCSF - Bose Lab, Anatomy in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Lab operations & inventory, scheduling, sample handling, cell culture, data recording, multitasking reliability.

Your posting emphasizes B.S. or 4 yrs research experience (Junior rank); cell culture/flow/microscopy/molecular biology/mouse models preferred; flexibility to receive after-hours clinical samples.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at UCSF Parnassus Heights (Anatomy, 580 Parnassus Ave area), San Francisco, CA 94143 is accessible via ZONE A - WALKABLE. From 21st & Judah: walk east on Judah to 30th Ave then north to Parnassus (~20-25 min), or Muni 45/26.. I have verified your official careers portal at <https://aprecruit.ucsf.edu/JPF05693> and will apply directly via <https://aprecruit.ucsf.edu/JPF05693> - Apply at aprecruit.ucsf.edu/JPF05693 (CV, cover letter, 2 references, 3-5 yr career-goal statement).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Lab operations & inventory, scheduling, sample handling, cell culture, data recording, multitasking reliability can support UCSF - Bose Lab, Anatomy. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 66% - Fit: Primary duty = smooth day-to-day lab operation (supply, scheduling, multitasking) plus collaborative research in tumor-evolution/immunocompetent models - organizational + bench hybrid; physician-scientist-run lab.

Verified: UCSF - Bose Lab, Anatomy official site <https://aprecruit.ucsf.edu/JPF05693> - physical address UCSF Parnassus Heights (Anatomy, 580 Parnassus Ave area), San Francisco, CA 94143 - verified
