Hiring Manager
HHMI - Brainard Lab (UCSF Physiology & Psychiatry)
1550 4th Street, Suite 190 (Molecular Bioscience Complex, UCSF Mission Bay), San Francisco, CA 94158

Dear Hiring Manager,

I am excited to apply for the Research Technician I/II - Behavioral neuroscience, songbird model (LIVE req R-4026) at HHMI - Brainard Lab (UCSF Physiology & Psychiatry) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Sample preparation, histology support, instrument operation, inventory & ordering, data analysis, documentation, reliability.

Your posting emphasizes B.S./M.S. neuroscience/bioengineering or related; basic molecular biology; instrument operation; enthusiasm to learn new methods; may join stereotaxic/viral-injection work.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1550 4th Street, Suite 190 (Molecular Bioscience Complex, UCSF Mission Bay), San Francisco, CA 94158 is accessible via ZONE B - From 21st & Judah: N Judah eastbound to Embarcadero -> T-Third southbound to UCSF/Chase Center (16th St) -> walk ~10-15 min to 1550 4th St. ~45-55 min.. I have verified your official careers portal at https://hhmi.wd1.myworkdayjobs.com/en-US/External/job/Research-Technician--Brainard-Lab_R-4026-1 and will apply directly via https://hhmi.wd1.myworkdayjobs.com/en-US/External/job/Research-Technician--Brainard-Lab_R-4026-1 - Apply on official HHMI Workday (req R-4026) - HHMI is employer of record for this UCSF lab; brainardlab.ucsf.edu for lab details.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Sample preparation, histology support, instrument operation, inventory & ordering, data analysis, documentation, reliability can support HHMI - Brainard Lab (UCSF Physiology & Psychiatry). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 62% - Fit: Established experimental procedures, instrument operation, chemical/supply inventory, biological sample prep & histology, behavioral data analysis with custom software - bench + ops mix; songbird vocal-learning neuroscience (new territory for a chemist).

Verified: HHMI - Brainard Lab (UCSF Physiology & Psychiatry) official site https://hhmi.wd1.myworkdayjobs.com/en-US/External/job/Research-Technician--Brainard-Lab_R-4026-1 - physical address 1550 4th Street, Suite 190 (Molecular Bioscience Complex, UCSF Mission Bay), San Francisco, CA 94158 - verified
