job-70 - Gladstone Institutes - Marson Lab (Institute of Genomic Immunology)

Date: [Insert Date]

Hiring Manager
Gladstone Institutes - Marson Lab (Institute of Genomic Immunology)
535 Mission Street / 520 Beach Street (Mission Bay), San Francisco, CA 94158

Dear Hiring Manager,

I am excited to apply for the Research Associate (In-Vivo) - Mouse models of immunotherapy + colony management (LIVE) at Gladstone Institutes - Marson Lab (Institute of Genomic Immunology) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Mouse colony management, in vivo procedures, cell work, sample prep, documentation, reliability.

Your posting emphasizes B.A./B.S. + ?1 yr lab experience using required techniques; must be able to work with mouse colonies; in vivo experiment execution.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 535 Mission Street / 520 Beach Street (Mission Bay), San Francisco, CA 94158 is accessible via ZONE B - From 21st & Judah: N Judah eastbound to Embarcadero -> T-Third southbound to UCSF/Chase Center (16th St) -> walk east on Mission/16th to 535 Mission St. ~45-55 min.. I have verified your official careers portal at <https://gladstone.wd5.myworkdayjobs.com/en-US/careers> and will apply directly via <https://gladstone.wd5.myworkdayjobs.com/en-US/careers> - Search 'Marson' + 'In-Vivo' / 'Research Associate I / II' on official Gladstone Workday board - live as of Sept 9, 2026 (\$28-33/hr).

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Mouse colony management, in vivo procedures, cell work, sample prep, documentation, reliability can support Gladstone Institutes - Marson Lab (Institute of Genomic Immunology). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 60% - Fit: In vitro + in vivo studies, IV injections, bioluminescence imaging, full mouse-colony management (breeding, weaning, genotyping) - hands-on biology; note: Gladstone is already covered by job-04/05/06 (this is a NEW live Marson-Lab posting).

Verified: Gladstone Institutes - Marson Lab (Institute of Genomic Immunology) official site <https://gladstone.wd5.myworkdayjobs.com/en-US/careers> - physical address 535 Mission Street / 520 Beach Street (Mission Bay), San Francisco, CA 94158 - verified

Official Apply: <https://gladstone.wd5.myworkdayjobs.com/en-US/careers> - Search 'Marson' + 'In-Vivo' / 'Research Associate I / II' on official Gladstone Workday board - live as of Sept 9, 2026 (\$28-33/hr)

Transit: ZONE B - From 21st & Judah: N Judah eastbound to Embarcadero -> T-Third southbound to UCSF/Chase Center (16th St) -> walk east on Mission/16th to 535 Mission St. ~45-55 min.
