

job-16 - Resume - Twist Bioscience

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on experience in B.S. Chemistry/Biology/Chemical Engineering; HPLC, MS, synthesis, analytical techniques. Seeking Research Associate - Synthetic Biology / DNA Synthesis (analytical chemistry, QC) at Twist Bioscience. Your organic synthesis (Threshold), HPLC, MS awareness, and sample prep match Twist's synthetic DNA QC needs. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- B.S. Chemistry/Biology/Chemical Engineering; HPLC, MS, synthesis, analytical techniques
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management

PUBLICATION

- 14-Aminocamptothecins: Synthesis, Preclinical Activity, Potential Use for Cancer Treatment - ACS J. Med. Chem., Feb 2011
