

job-73 - Resume - Anthropic (public benefit corp) - AI for

Brian

San Francisco, CA 94122 | (707) 596-8503 | Brian.j1274@gmail.com

PROFESSIONAL SUMMARY

Dedicated chemist with B.S. in Chemistry from UC Santa Cruz (2011) and hands-on research experience in molecular biology/biochemistry/related (B.S./M.S. preferred); PCR, gel electrophoresis, molecular cloning, plasmid prep; aseptic technique; bacterial/mammalian cell culture; nucleic acid extraction/purification/quantification. Seeking Research Associate, Biology - Entry-level bench scientist (molecular biology + biochemistry; LIVE) at Anthropic (public benefit corp) - AI for science, Life Sciences team. Fully hands-on bench role (explicitly NO AI/ML model development): protein expression & purification (affinity, SEC, IEX) + enzyme kinetics preferred - strong overlap with your biochemistry; \$65-85K. Strong organizational and documentation skills from property management transferable to lab operations.

EDUCATION

B.S. Chemistry - University of California, Santa Cruz - 2007-2011

- Research Assistant, Yat Li's Lab: Synthesized gallium nitride cells via chemical vapor deposition (CVD) for solar cell nanomaterials; sample preparation, characterization, data analysis.

RELEVANT EXPERIENCE

Lab Assistant - Quintara Biosciences - Jan-May 2012

- Performed GLP procedures: sample preparation, data recording, QC, equipment maintenance, safety compliance.

Lab Intern - MicroConstants - Aug-Dec 2011

- Executed sample extraction, chromatography, spectroscopic analysis; electronic lab records; contributed to QC efforts.

Summer Medicinal Chemistry Intern - Threshold Pharmaceuticals - Jun-Aug 2011

- Synthesized and purified organic compounds for drug development using NMR and HPLC; experimental design, troubleshooting, data interpretation.

Property Manager (Contract) - San Francisco, CA - May 2012-Present

- Managed property operations, tenant relations, compliance, budgets, vendor coordination; developed organizational and financial tracking skills transferable to lab inventory and documentation.

SKILLS

- Hands-on research experience in molecular biology/biochemistry/related (B.S./M.S. preferred); PCR, gel electrophoresis, molecular cloning, plasmid prep; aseptic technique; bacterial/mammalian cell culture; nucleic acid extraction/purification/quantification
- Quality Control & Data Analysis, GLP, Lab Safety & Compliance
- Microsoft Office (Excel, Word)
- Organizational & Financial Management

PUBLICATION

- 14-Aminocamptothecins: Synthesis, Preclinical Activity, Potential Use for Cancer Treatment - ACS J. Med. Chem., Feb 2011
