SFVA Health Care System
4150 Clement Street, San Francisco, CA 94121

Hiring Manager,

I am writing to ask to be considered for Biological Science Technician / Medical Technician (federal direct-hire) openings at SFVA Health Care System. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in sample handling and QC & compliance from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is varies by series (0404 Bio Sci Tech, 0644 Medical Tech). That is close to work I have actually done: extracting, aliquoting, labeling and tracking samples so the chain of records stays intact, QC checks and GLP documentation, including flagging anything out of specification and keeping instruments calibrated and sorting out the simple faults before they cost a run. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
