Capable - Peptide therapeutics (Founding team, Harvard/MIT advisors, \$12M pre-seed)
San Francisco, CA (SF per official posting; street address confirmed at interview)

Dear Hiring Manager,

I am excited to apply for the Founding Chemist - Fmoc SPPS Liberty Blue, Agilent 1260/1290 prep HPLC, Agilent 6530 LCMS, mouse dosing PK (LIVE Ashby 2ab44b1b \$120-180K) at Capable - Peptide therapeutics (Founding team, Harvard/MIT advisors, \$12M pre-seed) in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Fmoc SPPS, peptide synthesis, Liberty Blue, Agilent 1260/1290 prep HPLC, Agilent 6530 LCMS, purification, analytical chemistry, HPLC, mouse dosing awareness, PK.

Your posting emphasizes Peptide chemistry: Fmoc SPPS (Liberty Blue), Agilent 1260/1290 prep HPLC, Agilent 6530 LCMS, purification, mouse dosing/PK, 270+ candidates in 6 months.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at San Francisco, CA (SF per official posting; street address confirmed at interview) is accessible via ZONE B/C - SF on-site: N Judah eastbound to Powell/Embarcadero -> walk or Muni to office (exact street confirmed at interview). ~35-50 min.. I have verified your official careers portal at <https://jobs.ashbyhq.com/Capable/2ab44b1b-629f-4492-99ff-bcebae57e15b> and will apply directly via <https://jobs.ashbyhq.com/Capable/2ab44b1b-629f-4492-99ff-bcebae57e15b> - Apply on official Ashby board - Founding Chemist 2ab44b1b \$120-180K.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Fmoc SPPS, peptide synthesis, Liberty Blue, Agilent 1260/1290 prep HPLC, Agilent 6530 LCMS, purification, analytical chemistry, HPLC, mouse dosing awareness, PK can support Capable - Peptide therapeutics (Founding team, Harvard/MIT advisors, \$12M pre-seed). I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 94% - Fit: Perfect chemistry fit - peptide synthesis, purification, prep HPLC, LCMS, analytical characterization is exactly your organic synthesis + HPLC background; founding chemist at high-velocity startup.
