job-97 - UCSF - Cho Lab, Cancer Immunology

Date: [Insert Date]

Hiring Manager
UCSF - Cho Lab, Cancer Immunology
UCSF Parnassus Heights / Mission Bay, San Francisco, CA 94143 / 94158

Dear Hiring Manager,

I am excited to apply for the Junior Specialist - Chemical biology / immunology research support (LIVE JPF05663) at UCSF - Cho Lab, Cancer Immunology in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Chemical biology, immunology awareness, molecular techniques, sample preparation, data recording, B.S. Chemistry.

Your posting emphasizes B.A./B.S. biology/immunology/biochem/bioinformatics/computer science/chemistry; lab experience, molecular techniques.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at UCSF Parnassus Heights / Mission Bay, San Francisco, CA 94143 / 94158 is accessible via ZONE A/B - Parnassus: walkable ~20-25 min from 21st & Judah; Mission Bay: N Judah -> T-Third to UCSF/Chase Center. ~35-50 min.. I have verified your official careers portal at <https://aprecruit.ucsf.edu/JPF05663> and will apply directly via <https://aprecruit.ucsf.edu/JPF05663> - Apply on official aprecruit portal - JPF05663 Cho Lab Junior Specialist.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Chemical biology, immunology awareness, molecular techniques, sample preparation, data recording, B.S. Chemistry can support UCSF - Cho Lab, Cancer Immunology. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 76% - Fit: Good - chemical biology / cancer immunology support; B.S. Chemistry qualifies, bench skills transfer.
