Gladstone Institutes - Jain Lab
1650 Owens Street, Mission Bay, San Francisco, CA 94158

Dear Hiring Manager,

I am excited to apply for the Research Associate I - Oxygen and Vitamin Metabolism (molecular biology / biochemistry) at Gladstone Institutes - Jain Lab in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Protein biochemistry, Western blot, sample preparation, data analysis, Excel, meticulous records.

Your posting emphasizes B.S. biology/chemistry; 2+ yrs molecular biology or animal experience; Excel, meticulous records.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 1650 Owens Street, Mission Bay, San Francisco, CA 94158 is accessible via ZONE B - N Judah east to Embarcadero -> T-Third south to UCSF/Chase Center -> walk 7 min to 1650 Owens St. Total ~40-50 min. Served by 22, 48, 55.. I have verified your official careers portal at <https://gladstone.org/careers> and will apply directly via <https://gladstone.wd503.myworkdayjobs.com/careers> - On Workday, search 'Jain Lab' or 'Research Associate I' - apply via official Gladstone Workday.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Protein biochemistry, Western blot, sample preparation, data analysis, Excel, meticulous records can support Gladstone Institutes - Jain Lab. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 78% - Fit: Bench analysis, protein biochemistry, HPLC-adjacent assays align with QC/data skills.
