Hiring Manager
Vitalant Research Institute
270 Masonic Avenue, San Francisco, CA 94118

Dear Hiring Manager,

I am excited to apply for the Research Associate I - Research Operations Core (sample processing, assay support) at Vitalant Research Institute in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Sample preparation, QC, GLP, data recording, lab equipment maintenance, safety compliance.

Your posting emphasizes B.S. biology/chemistry; lab experience, sample prep, data recording.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 270 Masonic Avenue, San Francisco, CA 94118 is accessible via ZONE A/B - N Judah 2 stops to 9th Ave & Irving -> 43 Masonic northbound to Masonic & Geary -> walk 4 min to 270 Masonic. ~30-40 min.. I have verified your official careers portal at <https://www.vitalant.org/about-us/careers> and will apply directly via <https://vitalant.wd12.myworkdayjobs.com/Careers> - Search 'Research Associate' + 'San Francisco' on Vitalant Workday.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Sample preparation, QC, GLP, data recording, lab equipment maintenance, safety compliance can support Vitalant Research Institute. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 84% - Fit: QC, sample prep, GLP, data analysis directly match blood research ops.
