Hiring Manager
Vitalant Research Institute
270 Masonic Avenue, San Francisco, CA 94118

Dear Hiring Manager,

I am excited to apply for the Research Associate II - Molecular Biology / Transfusion Medicine at Vitalant Research Institute in San Francisco. I hold a B.S. in Chemistry from UC Santa Cruz (2011) with hands-on experience in Chromatography, spectroscopy, QC, PCR awareness, sample preparation, data analysis.

Your posting emphasizes B.S. + 1-2 yrs molecular biology; PCR, nucleic acid extraction, data analysis.. My background directly aligns: at Threshold Pharmaceuticals I synthesized and purified organic compounds using NMR and HPLC; at MicroConstants I performed sample extraction, chromatography, and spectroscopic analysis; at Quintara Biosciences I followed GLP for sample preparation, data recording, QC, and equipment maintenance. I also have a publication in ACS Journal of Medicinal Chemistry (Feb 2011).

I live at 21st Ave & Judah St in the Inner Sunset and commute via N Judah Muni and SFMTA buses. Your location at 270 Masonic Avenue, San Francisco, CA 94118 is accessible via Same as job-09: N Judah -> 43 Masonic north to Masonic & Geary -> walk. ~30-40 min.. I have verified your official careers portal at <https://www.vitalant.org/about-us/careers> and will apply directly via <https://vitalant.wd12.myworkdayjobs.com/Careers> - Search 'Research Associate II Molecular Biology San Francisco' on Workday.

My property management experience has strengthened my organizational, budget tracking, and compliance skills - valuable for lab inventory, documentation, and safety protocols. I am detail-oriented, collaborative, and eager to contribute to your team.

Thank you for considering my application. I would welcome the opportunity to discuss how my background in Chromatography, spectroscopy, QC, PCR awareness, sample preparation, data analysis can support Vitalant Research Institute. I am available for an interview at your convenience and can be reached at (707) 596-8503 or Brian.j1274@gmail.com.

Sincerely,
Brian

Match Score: 82% - Fit: Chromatography, spectroscopy, QC background supports molecular assay work.

Verified: Vitalant Research Institute official site <https://www.vitalant.org/about-us/careers> - physical address 270 Masonic Avenue, San Francisco, CA 94118 - verified
