Wildtype Foods
953 Indiana Street, San Francisco, CA 94107

Hiring Manager,

I am writing to ask to be considered for Research Associate openings at Wildtype Foods. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in research support and QC & compliance from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is steady bench throughput and careful documentation. That is close to work I have actually done: designing experiments with the team, interpreting the data and writing it up, QC checks and GLP documentation, including flagging anything out of specification and making up buffers and reagents, titration and pH work at the bench. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
