Asian Art Museum
200 Larkin Street, San Francisco, CA 94102

Hiring Manager,

I am writing to ask to be considered for Conservation track openings at Asian Art Museum. I hold a B.S. in Chemistry from UC Santa Cruz (2011), with bench experience in spectroscopy & characterization and records & data from roles at Threshold Pharmaceuticals, MicroConstants and Quintara Biosciences.

The work you describe for this team is conservation (3518): master's in art conservation + materials/XRF experience. That is close to work I have actually done: confirming identity and purity by NMR and UV-Vis and writing the results up, electronic records and clean data entry, with summaries the team could actually use. I am comfortable being the person who keeps a bench tidy, a record complete and a schedule kept. The last decade of running property operations on contract sharpened exactly that: inventory, vendor scheduling, compliance paperwork and receipts that reconcile.

If a matching requisition opens, I would welcome a short conversation. I can be reached at (707) 596-8503 or Brian.j1274@gmail.com, and I am glad to send transcripts or references on request. Thank you for your time.

Sincerely,
Brian
